

# CHOKING

## **Did you know that Little Lions Waldorf Daycare is a Red Cross Training Partner?**

Join us for an hour with our resident instructor, Marilyn Grudniski, discussing the hazards that may be present in your home and ways to prevent choking. You will also learn what to do if a choking incident should arise and you can practice with our mannikins. You will learn about the training that all our staff must have to insure the safety of your children.

This is not an accredited first aid course, merely an information session for parents in order to raise your awareness and give you some skills that could potentially save the life of someone dear to you.

**Thursday, January 12  
at the 211 Clarke Street location  
6:30 – 7:30 pm**

Please register in advance by calling 344-2298 ext 4. Please leave your name, phone number and the number of people attending from your family.

We want to make sure we have enough equipment for everyone to be able to participate.
